Circular No. (25) of 2021

To:
All Ports General Directors
All shipping agents

Subject: Related to implementation of repair works onboard forms

The Saudi Ports Authority aims to unify the requirements of repair works conducted onboard at the ports; the attachments are the following:

1. Request form for conducting hot works onboard (at the shipyard)
2. Request form for repair/equipment test onboard
3. Request form for conducting hot works onboard (at the berth)

As the Saudi Ports Authority stresses compliance with the aforementioned, as well as informing all the vessels and shipping lines working under your agencies.
